Welcome to first year music! This is a course available for students in any year. It is an introduction to the history, theory and development of music through time. After covering 3 years of music, students should be well prepared to do a GCSE or IGCSE in music. There will be assignments which could be completed by creating audio files and sending them to the tutor, however, this is not obligatory. It would also be recommended for the student to have access to a piano or some sort of keyboard, but again, this is not obligatory since there is a wealth of online resources.
